

Operating Policy

The Fairbrother Group is committed to the production of superior quality work in a safe, efficient and environmentally responsible manner. This commitment means that we shall:

- Conduct our business in such a manner that safety always comes first
- Produce quality work as the accepted standard
- Work in partnership with our clients, community, sub-contractors, suppliers and other stakeholders
- Continually educate and train our people in the use of our systems, tools, materials and equipment
- Consult regularly with employees to foster continuous improvement and innovation
- Apply measurable objectives and targets to ensure the ongoing development of our Management System
- Incorporate sustainable business practices into all aspects of our operations to minimise harm to the environment and actively reduce our greenhouse gas emissions
- Comply with all industry standards, codes of practice, legal and other requirements

Management shall ensure that all reasonable and practical steps are taken to ensure that this commitment is upheld.

Of paramount importance is our unwavering commitment to ensuring a safe workplace. Responsibility for the implementation of this policy and adherence to company procedures is therefore assigned to all employees.
